To Whom It May Concern:

If you're looking for one of *the* most memorable experiences you'll not soon forget, engage the services of Robert Murch (or "Murch" as he's known) as an expert, interviewee or speaker. Not only is he extremely professional and knowledgeable, but he speaks with an absorbing charisma that draws you in and makes you just clamor to hear what he might have to say next. He's an extremely driven individual, with the accomplishments to prove it, and after having spent several hours in conversation with him, I can attest that his breadth and depth of knowledge with regard to spirit boards, and all of the tangents that surround them, is unmatched and unsurpassed by anyone in the world. He's versed in everything from their very specific origins and history to their numerous connections to pop culture throughout the time they've been in existence.

I sincerely hope to work with Murch again in the future, and highly recommend him to anyone considering it!

Thanks and best,
