To Whom It May Concern,

Fascinating Nouns is the galaxy's most trusted source for incredible people, places, things and ideas. I take that intergalactic trust very seriously. When it came time to research Ouija Boards, one man's name came up time and time again: Famed Ouija historian Robert Murch. As luck would have it, Robert was in town for a screening, and I was able to interview him in the home of a direct descendant of William Fuld, inventor/master marketer of the original Ouija board. Talk about making history come alive! Murch is a dynamic speaker, a virtual walking encyclopedia of Ouija knowledge, and is extremely generous with his time & expertise. He has my highest recommendation for any speaking engagement, Ouija related or otherwise.

Sincerely,

A handwritten signature in blue ink that reads "Daniel J. Glenn".
